**SENIORS**

# "Yea Seniors"

It hardly seems possible that each and every senior has attained his goal which he struggled and strived to reach and maintain in high school. As each takes his diploma he ventures into a new life of new and bigger goals and more learning.

He leaves his triumphs and failures, good times and bad, and keeps these years of memories and a treasure chest of experiences.

# Goodbye to the Students of '68'

As the year comes to a closing and the last page has been planned, we know the memories that made OUR year at WHHS will never be forgotten.

Those were the events. That was the year. The memories we have tried to capture will linger a while longer and many brought back by the recall of a certain event.

Many long hours of preparing pages, rushing to meet deadlines have finally been attained. Looking back over the final shipment, the Flight VIII has been challenging, as well as equally rewarding.

Although there are far too many people to recognize each individually, we would like to thank the student body who made this book possible, the faculty and Principal Carl Hildebrand, who co-operated so patiently when we needed help. We would like to give a special word of gratitude to our advisor Mrs. Kittye Neil.

If after viewing the preceding pages you have developed greater appreciation of WHHS's traditions and accomplishments, you will have made our efforts worthwhile.

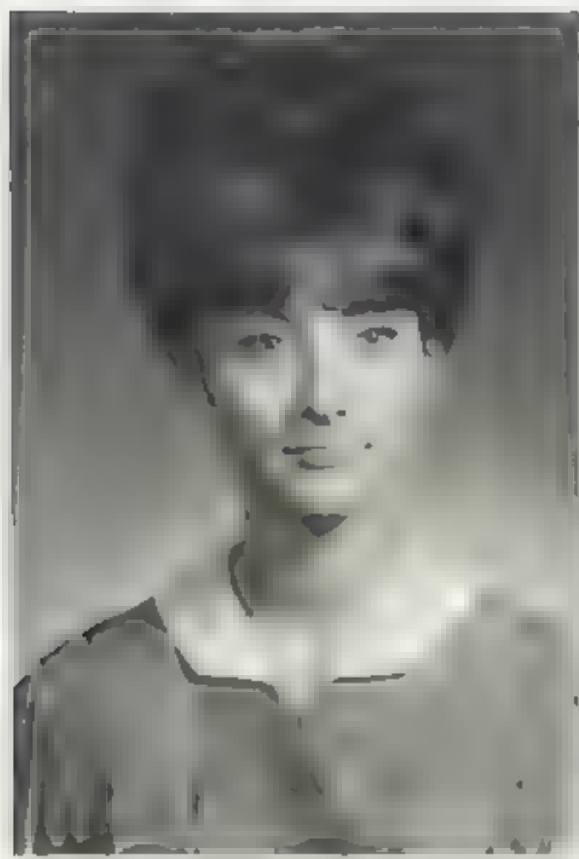

Sincerely,

Peggy Melrose, EDITOR
